### *Claims Allowed*

Claims 1-25 are allowable over the prior art of record. The claims are allowed because the prior art does not anticipate nor render obvious the claimed combination of: a multiple speed power transmission, comprising: first and second input shafts; an output shaft; a layshaft; a first set of selectable torque paths between the first input shaft and layshaft; a second set of selectable torque paths between the second input shaft and layshaft; a third set of selectable torque paths between the layshaft and the output shaft; and a selectable bridge torque path between the first input shaft and the output shaft.

No particular single feature of the claim renders the claim as a whole patentable. Only the claim taken as a whole combination is deemed new and unobvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### *Prior Art Discussed*

The references cited by the examiner are deemed pertinent to applicant's disclosure. None of the references show all of the features of the claimed invention. The closest prior art appears to be Geiberger '077, who shows a twin clutch countershaft transmission with two input shafts, an output shaft, but does not show the two input shafts being selectively connectable with a plurality of torque paths to a single lay shaft. Geiberger has two coaxial lay shafts instead.

*Conclusion*

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dirk Wright whose telephone number is 571-272-7098. The examiner can normally be reached on Monday through Friday, 8AM-4:30PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Charles Marmor can be reached on 571-272-7095. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
